Animal Kingdom

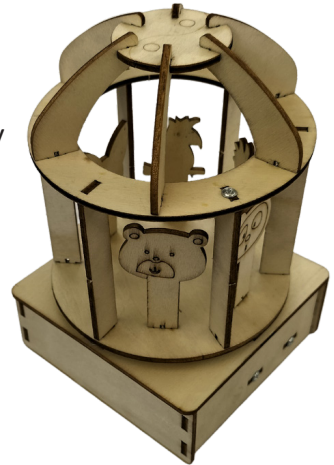

the Carousel

Hey there, little buddy!

I'm Animal kingdom,
the Carousel.

I'm a carousel and
I'm here to tell you about
me, so get ready for
some magical fun!

Hello, little adventurer! I'm the Musical Animal Kingdom Carousel, and I'm thrilled to meet you! I'm not just an ordinary carousel; I'm a special one filled with amazing animals!

When you hop on one of my seats, get ready for a magical ride! We'll go round and round, up and down, just like a thrilling adventure. You'll feel the wind in your hair and see the world from high up in the sky. It's going to be an exciting experience!

*As we spin, you'll hear beautiful music playing. It's like our very own animal party! You can smile, laugh, and enjoy the wonderful melodies while we go on our carousel adventure together.
Let's have a roaring good time together!*

Let's see what we need and how to prepare:

How to get prepare:

- Before you start, you need to find a safe and clean place to work.
- If you have any questions or need help, you can ask your parents, a grownup or teacher and they will assist you.

Have fun!

Remember to get 2 x AA batteries for Animal kingdom!

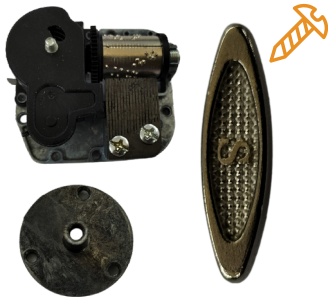

Some things to keep in mind:

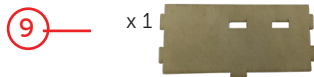

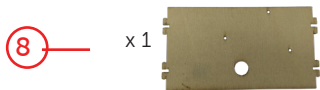

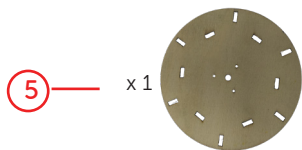

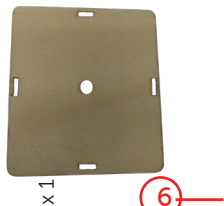

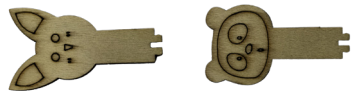

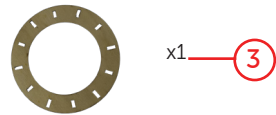

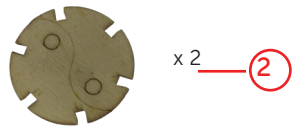

- *Be careful:* When you open the package with the parts, be careful not to drop or lose any small parts. They are very important for your model. If you lose a piece, your model might not work!
- *Read and follow:* If you want to make your model easily, you need to read the instructions well and follow the steps.

What is in the BOX

- 11 different pieces of board
- 1 music box
- 1 movement connection seat
- 1 knob
- 3 7mm screws
- 27 4mm screws

Step 1

①

②

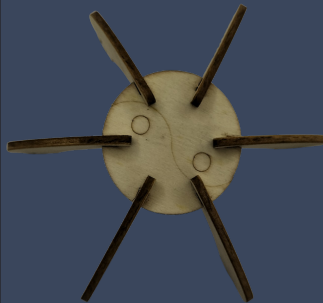

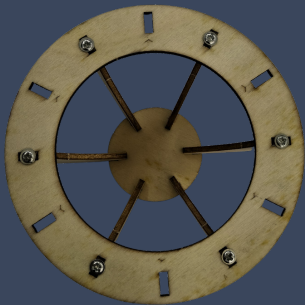

Slide board 1 into board 2.

Step 2

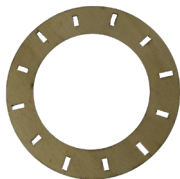

Continue adding board 1 - Just like in Step 1, add all board 1s onto the board 2.

Step 3

3

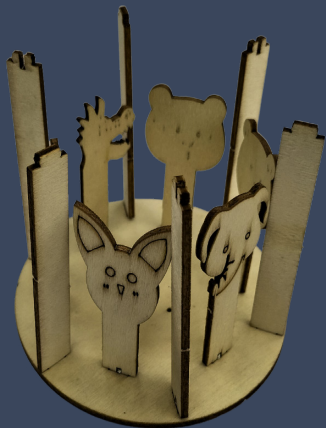

Use 6x 4mm screws to attach all board 1s to board 3. Remember to put them into the smaller holes of board 3.

Step 4

Attach all board 4s - Use 6x 4mm screws to fix all board 4s in place.

Step 5

6

7

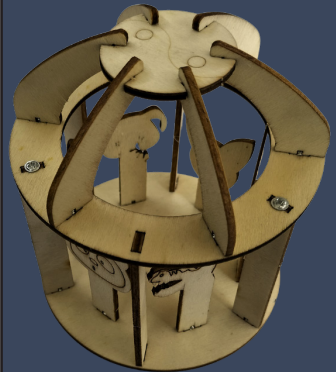

Install the three board 6s on the board 5 using three 4mm screws. You can do this in any order. Now, put the three board 7s on top of board 5.

Step 6

Use three 4mm screws to install board 3 onto board 6 and board 7.

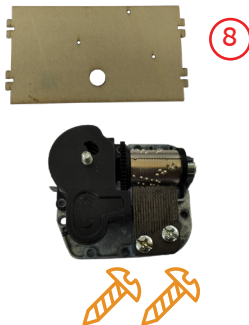

Step 7

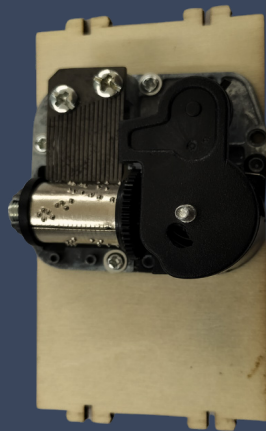

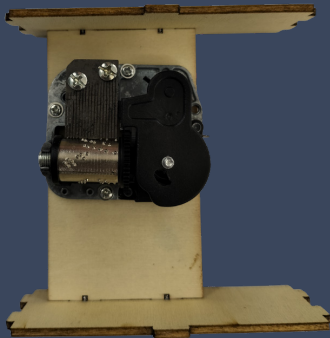

Use 3x 4mm screws to secure the movement connection seat.

Step 8

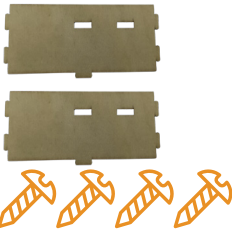

Install the music box on board 8 using 7mm screws.

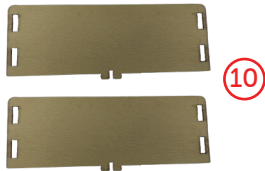

Step 9

9

Install board 9 - Use 4x 4mm screws to attach the two board 9s separately onto board 8.

Step 10

Place two board 10 boards on two board 9s.

Step 11

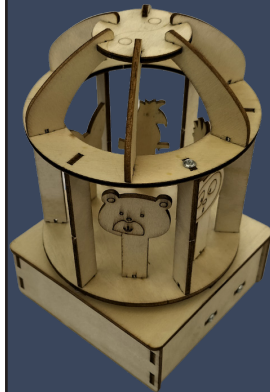

11

Use 2x 4mm screws to install board 11 onto board 9 and board 10.

Step 12

Slide board 5 onto board 11, and make sure that it is rotating counterclockwise.

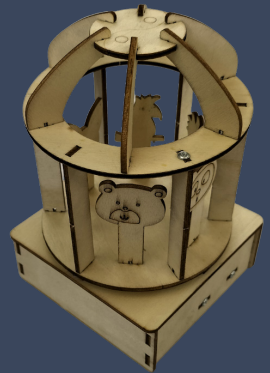

Step 13

Place the knob onto the shaft of the music box.

Step 14

Your music carousel is ready! Turn the knob clockwise a few times and let it go to watch and listen to the music carousel in action!

Now you have

your very own Animal kingdom!

Congratulations, adventurer! There you go. Have fun with your carousel, animal kingdom! Let's watch me go round and round!

Here's how they help:

1. *Hands-On Learning:*
Kids do experiments and projects, making learning fun.
2. *Problem-solving:*
They learn to solve problems by thinking and trying things out.
3. *Creative Thinking:*
Arts and design are part of *STEAM*, so kids get to be creative.
4. *Confidence:*
Completing projects makes kids feel like they accomplished something
5. *Preparation:*
STEAM skills are important for the future, so kids are ready for jobs.

STEAM kits -
help kids learn
many skills they'll
need in a fun and
practical way.

Collect them all

With a bit of imagination you can create your own unique friends. Please share your creations with our community

Please ask your mom / dad / teacher or a grown up to help you to upload your creations to our community page on the website. We would love to see your creations and also share and inspire the little creator in you.
